Miscellaneous: Herin inquired if we had a hired a police chief. McDonald answered that we had not. McDonald reported that we had purchased a Sexual Harassment training system and that the clerk will get everyone scheduled to take the course. McDonald inquired about some fire hydrants not working. Stanaway confirmed that while flushing the hydrants in October, he found five that were not working. They have been labeled and he is working on getting them repaired. He indicated that it would be a major project. President Farber said that we could possibly hire a contractor to fix them.
